

Bereavement

Self Service Catering Menu

The following options are suggestions for a cost effective self-service wake in a venue that requires no extra touches to commemorate a life well lived.

- For this menu, no service or set up is required from our trained and professional Room with Roses staff. The timelines are left to the person in charge of organising the commemorative day celebrations.
- All eating and serving utensils are to be provided by the venue. Alternatively, you can hire crockery and cutlery at the normal Room with Roses hire rates and they will be delivered with the platters.
- The food is plated on high quality disposable platters and is available for pick up or we can deliver to your location at an agreed time. Food is delivered cold to the venue. Delivery details are on the back of this brochure.
- All food platters are made fresh to order on the day of your function to suit the exact number of guests. Please advise our staff on expected guest numbers, with as much notice as possible. No reductions in guest numbers accepted less than **24 hours** prior to the scheduled delivery time.
- Payment is required prior to delivery. Payment by Visa or MasterCard is available (at no fee.)
- If there are any other requirements for your function, please call our staff at any stage for a more personalised and detailed quote.
- Thank you for choosing Room with Roses to help you.

We look forward to speaking with you soon.

Vicki Pitts

Owner – Room with Roses
